

➔ IFR Awards 2026 Process

We are inviting pitches for the IFR Awards 2026.

The awards year is **November 8 2025 to November 7 2026**. Deals must have priced within this period to be eligible. M&A transactions must have completed during the awards year.

To help with our selections, banks, advisers and issuers may submit brief written presentations along with supporting data. IFR journalists will also organise pitch meetings.

Pitching is entirely optional and consideration for an award will not be limited to advisers or issuers that participate in this way.

All written pitches should reach us by Friday October 9, with pitch meetings to be scheduled in October and November.

Pitches can be a combination of virtual and in-person meetings.

We will continue to monitor the market until the end of the awards period and banks may submit addenda to include significant deals that price after they have submitted their pitches.

In your presentations for house awards, you may want to summarise achievements in the awards year. For instance:

- How has your institution progressed over the course of the year?
- What strategic goals have been met?
- How have they been achieved?
- In what ways has your institution adapted to the trends that have driven market activity during the year?
- What has been noteworthy about your deal roster, whether in terms of size, geography and/or sectoral diversification, degree of innovation or complexity?

Presentations should include individual summaries of the main relevant transactions. Separate documents should be submitted for each major asset class.

Pitch meetings with IFR journalists are limited to two hours per asset class.

The content of pitch meetings will be “on the record”, though comments can be made “off the record” if specified at the time.

Pitch documents should be emailed to **IFRAwards@lseg.com** for Global, EMEA and Americas categories. Submissions for Asia Pacific categories should be sent to **daniel.stanton@lseg.com**.

Please indicate which awards you are pitching for, giving appropriate contact details.

Please include headshots of key personnel and confirm job titles.

Final selections will be made by the senior editorial team.

The winners will be published on ifre.com on Monday December 14 and in the IFR Awards supplement dated December 19.

We will present the awards at a gala dinner at Grosvenor House in London on **January 25**.

Notes on award categories:

1) Banks do not need to be active across the whole region to be considered for regional house awards. Banks do not need to be active in all regions to qualify for global awards.

2) M&A Adviser and Deal awards cover transactions completed in the awards period.

3) For M&A-related financing, loans will only be considered if the M&A transaction has completed in the awards year, as it is at this point that they are funded. Bonds need to have priced within the awards year but are not contingent on the M&A also having completed.

4) Bank/Adviser for Financial Institutions, Governments and Financial Sponsors covers underwriting of all capital markets activity across regions, from LME to rights issues, privatisations to century bonds, LBOs to IPOs and M&A and everything in between.

5) Bank for Sustainability recognises ESG commitments that put sustainability and transition at the heart of its business.

6) Sustainable Finance House recognises the leading bank in underwriting ESG transactions across asset classes.

7) Flow Marketmaker rewards excellence among banks and nonbank trading firms intermediating client transactions in secondary markets, with a focus on “flow” trading across different asset classes in cash and derivatives products.

8) US Diversity and Inclusion House is awarded to a US-based minority, women or veteran-owned firm and covers all asset classes. The award recognises the commitment, performance and expertise of the firm in underwriting securities offerings.

9) Financing Package represents one financing programme across asset classes, but all parts need not have been executed concurrently.

10) Bond awards do not include structured finance, which is treated separately.

11) Bond and Bond House awards for SSAR and Covered are cross-currency.

12) US Bond House comprises all US dollar issuance in the US, including Yankees.

13) Yankee bonds are those issued by non-US investment-grade corporates and financials in US dollars, excluding EM issuers.

14) Reverse Yankees are bonds issued by US investment-grade corporates and financials in euros and sterling.

15) Only 144A and SEC-registered US dollar issues are eligible for US Bond and Yankee Bond awards.

16) SEC-registered and 144A deals from issuers in emerging markets are included in Emerging Market categories (along with domestic bond issues, etc).

17) Regional Bond House awards are for issuers in the relevant regional currencies. For example, Europe Investment-Grade Corporate Bond awards are for investment-grade corporates in European currencies (including Eurodollars).

18) Yen Bond awards include Samurais.

19) Structured Equity comprises equity-linked transactions, including those with derivatives components, and structured cash equity transactions. Structured Equity feeds into Equity House awards.

20) Corporate equity derivatives feed into Equity Derivatives House.

21) Restructuring includes formal debt restructurings and balance sheet restructurings.

22) Middle East categories feed into Emerging EMEA Bond House and EMEA Equity House.

23) ESG Insight covers ESG research by all providers, including banks, fund managers, ratings agencies and independent firms.

24) Regional Financial Bond and Financial Bond House awards cover capital and senior deals.

25) AI Financing House includes deals – both public and private – across all asset classes and currencies aimed at financing AI companies and infrastructure, including data centres and chip purchases.
